

Questionnaire

Childhood Drinking

Now that you’ve had a chance to participate in a forum on this issue, we’d like to know what you are thinking. Your opinions, along with those of thousands of others who participated in these forums, will be reflected in a summary report that will be available to all citizens, including those who took part in the forums, as well as officeholders, members of the news media, and others in your community.

1. Indicate the extent to which you agree or disagree with the following statements.

Statements	Somewhat Agree	Agree	Disagree	Strongly Disagree	Not Sure
Childhood drinking is a serious public health issue.					
Parents can decrease children’s access to alcohol.					
Media contributes to childhood drinking.					
When children 9-15 drink alcohol, their social and emotional development is negatively affected.					
Culture plays a significant role in childhood drinking.					

2. Indicate the extent to which you favor or oppose the following option for reaching children with problems early.

Possible Solutions	Somewhat Favor	Favor	Oppose	Strongly Oppose	Not Sure
Communities, including schools, should create systems to identify and facilitate children getting the treatment they need....even if families may feel as though professionals are intruding in their personal lives.					

3. Indicate the extent to which you favor or oppose the following option for removing access and incentives.

Possible Solutions	Somewhat Favor	Favor	Oppose	Strongly Oppose	Not Sure
Communities should increase regulatory and enforcement systems that remove opportunities for children to get alcohol in community settings, including homes....even if adults may feel they have more difficulty getting it.					

4. Indicate the extent to which you favor or oppose the following options for helping children through difficult times in development.

Possible Solutions	Somewhat Favor	Favor	Oppose	Strongly Oppose	Not Sure
Communities should create programs, services, and norms that promote childhood health and wellness, which includes addressing alcohol use,....even if there is skepticism about the value of such programs, services, and norms.					

5. Are you thinking differently about this issue now that you have participated in the forum?
a. Yes ___ No ___ Not Sure ___ If yes, how?
